Of the claims that read on the elected species of Fig. 9D, claims 1-22, 28-31, 32 and 37 are generic to (read on) all of the species Figs. 9A-E (i.e., Figs. 9A, 9B, 9C, 9D and 9E). The Indeed, the Action already indicates that claim 32 is generic. Allowance of a generic claim will permit claims to a reasonable number of species in this application, which should include all five species in this case.

Respectfully submitted,
